We are writing to you as somebody who has helped us, or who represents the life of the town (or both) in the hope that you may join us on this occasion. Although we are particularly writing to invite you, we should of course be glad to welcome any others who come with you.

The recasting, retuning and rehanging of the bells of St Margaret's church has now been completed through a project lasting several years. In addition to the work on the bells and tower, the project enables the church doors to be open as much as possible. Visitors to the church will be welcomed to one of Ipswich's most beautiful churches with a variety of information and guided trails for them to enjoy.

This is therefore an opportunity for us to thank the many people who have used their skills to complete this project. Among them we are grateful for the financial help of the Heritage Lottery Fund, the Suffolk Guild of Ringers and private donors.

Our website [www.stmargaretsipswich.org.uk](http://www.stmargaretsipswich.org.uk) gives you more information about the project and the work of the church in general as we begin this new stage of our life in the heart of our town.

Yours sincerely

Keith Jones (on behalf of the Project Board)
